Profile

I am studying for a master's degree in computer science and want to develop a career in IT consulting or systems implementation. I combine an interest in databases and SQL with customer service experience and hands-on work in an IT department. I enjoy analysing needs, comparing solutions and explaining technical topics clearly.

Professional experience

IT Department Intern

2025 · internship, 3 months

Leszczyńska Fabryka Pomp — Leszno

- Built a desktop application to monitor printers and toner usage and record computer cleaning dates. The application was put into use within the company.
- Designed a website from scratch in Figma. The design received positive feedback within the company and remained at the design stage.
- Helped users resolve technical problems, configured workstations and worked on maintaining IT and network infrastructure.
- Supported production and business processes in ERP systems.

Procurement & Sales Coordinator

2023–present

FISHKA — Pet & Fishing Store — Rawicz

- Manage orders, price lists and supplier data through B2B purchasing platforms.
- Compare supplier offers and work with orders, price lists and stock records.
- Assist customers and liaise with suppliers by phone, email and in person.

Education

Computer Science — Artificial Intelligence & Machine Learning

2026–present · in progress

Languages & licences

Polish — native · English — B2 · Category B driving licence

I consent to the processing of the personal data contained in this CV that go beyond the scope set out in Article 22¹ § 1 of the Polish Labour Code — in particular my image (photograph) and information about my interests — by a prospective employer or other entity conducting recruitment, to whom I have voluntarily provided this document or who has downloaded it from my website, for the purpose of carrying out the recruitment process for the position I am applying for (Article 6(1)(a) GDPR). I provide these data voluntarily and on my own initiative; I may withdraw my consent at any time by contacting the controller, and such withdrawal does not affect the lawfulness of processing carried out before the withdrawal (Article 7(3) GDPR).

I further give my separate and voluntary consent to the processing of the personal data contained in this CV by the entity that received or downloaded it, also for the purposes of future recruitment processes conducted by that entity, for a period no longer than 12 months from the date the document was received or downloaded (Article 6(1)(a) GDPR). This consent is independent of my consent for the current recruitment and may be withdrawn at any time.
